

# malta biennale .art 2024

## CALL FOR PAVILIONS

MUŻA, the National Community Art Museum, on behalf of Heritage Malta and Arts Council Malta, the main organizing bodies, in cooperation with the Ministry for Foreign and European Affairs and Trade, along with the Malta Tourism Authority, are launching a call for artists and art pavilions to form part of the first Malta Art Biennale themed white sea olive groves, an ode to Malta's socio-cultural Mediterranean imaginary.

MUŻA and Arts Council Malta are inviting interested applicants to submit challenging, curious, and immersive experiences which will be taking place in Malta, Europe between March and May 2024.

This open call seeks proposals from pavilions wishing to exhibit their work during the 2024 [maltabiennale.art](https://maltabiennale.art).

## When?

Taking place between March and May 2024, Malta's art biennale will coincide with the turn of spring, a glorious time of year that sees the Mediterranean island bloom with warm weather and extended hours of daylight.

## Where?

With a long and rich history that spans all the way back to Neolithic times, the Maltese Islands have been at the centre of cultural encounters within the Mediterranean since the dawn of civilisation. The Maltese identity reflects this colourful past: from the seafaring Phoenicians to the British Empire's colonial rule, the islands are a living, breathing testament to the importance of cultural and historical heritage.

## Call for applications

Responses to this call are to be submitted by no later than Friday, 25th August 2023, at noon CET. For more information, please visit [maltabiennale.art](https://maltabiennale.art) and follow our journey on Instagram, Facebook, or LinkedIn for regular updates.
